OBJECTIVE

Doing work that needs to be done, positively impacting your workforce and consequently your entire infrastructure.

EXPERIENCE

*April 2020 -
February
2021*

Machine Operator.

Unilever Nigeria.
During the COVID-19 lockdown, I operated technomechanica and maiza machines under contract as a key machine operator for the production of Lipton Yellow label in the food section of the Agbara manufacturing plant; learning, observing and applying all safety and quality protocols that was hammered into the work culture.

*March 2022
- July 2022*

Machine Operator

Unilever Nigeria.
Utilizing free time ensuing from the 2022 ASUU strike, I resumed operations at Unilever gaining novel knowledge of labour, material and product distribution/retribution and of advanced machines like the mechanica tea blender.
